

Prerequisites

IBM Cloud Services

Team ID	PNT2022TMID23214
Project Name	Project – Real Time River Water Quality Monitoring And Control System

The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Kaviya S's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended resources: 'Build', 'Use Watson Studio', 'Get Started with Watson Studio', 'Build a web app with Watson Speech to Text', 'Use Speech to Text', and 'Use Text to Speech'. Each resource card includes a brief description, a 'Popular' badge, and a duration. Below this section, there are four more cards: 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status', each with a 'View all' link. The 'News' card lists three items: 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS', 'TrustRadius Best Software: Five IBM Offerings to Make the List', and 'Announcing IBM Cloud Pak for Network Automation Version 2.4'. The 'IBM Cloud status' card shows a world map with a blue chat bubble icon in the bottom right corner.
